

Welcome to 2008 and this 13th Edition of the Board Bulletin

This publication offers the Board's 2007 Annual Report and other information specifically designed to increase the level of licensee and public awareness relative to the responsibilities and obligations of both. The Board will make every effort possible to assure current issues that impact licensees and consumers alike are disseminated in an expeditious manner.

After several years of the state's housing boom, population increases and overall robust economy, the state is experiencing the ripple effect of the nation's woes. It was just a year or so ago I was involved in conversation with relatives back east and could not believe the conditions described which were occurring more frequently by the day. Michigan had an alarming foreclosure rate and unemployment was at an all time high. The population of the state had decreased and led the nation in population exodus. Mean while in Arizona, the values of homes skyrocketed and buyers in some situations purchased homes through a lottery system. The average time it took to sell a house once on the market was less then a week. The state through the good times had developed an impressive rainy day fund or surplus which appeared very impressive. Budgets were calculated based upon past year forecasts and current fund balances. Suddenly and prior to the end of the first year of the biannual budget the ceiling has totally collapsed. The State of Arizona like many other states throughout the country is anticipating billion dollar deficits this fiscal year and larger deficits for the next fiscal year. Programs and services are to be reduced and or eliminated with additional sanctions planned if the situation does not improve.

More importantly, what impact will the budget deficit have upon the State Board of Funeral Directors and Embalmers? The board is not funded by the General Fund and provides 10% of its revenue to the state along with civil penalties and fines levied against licensees. Additionally, the board is responsible for expenses paid to the state such as rent, accounting services, and operational costs. Considering the plight of the state the proper thing to do would be to assist the state in any way possible. The legislature took the initiative and created House Bill 2857 which in essence authorizes fund transfers from both General Funded agencies as well as those not funded by the state. The initial sweep of funds was \$100,000. H.B. 2209 was resolved the week prior to the new fiscal year. This second sweep resulted in basically a complete sweep of the Board's remaining fund balance (\$500,000) leaving minimum monies available for the upcoming fiscal year and beyond. Board staff will make adjustments and continue to provide the best services possible.

Thank you and have another tremendous year!

BOARD VISION

To create and maintain a balance between fair and equitable business regulation and the protection of the public's health, safety and welfare in the use and purchase of goods and services required for death.

PHILOSOPHY

To maximize public protection through education and minimal regulation.

BOARD MISSION

To maintain and enforce a set of standards that provides protection for the health, safety and welfare of Arizona Citizens by educating the consumer and by actively and impartially regulating those licensed to provide funeral goods and services.

BOARD STRATEGIC PLAN GOALS

1. To ensure that where regulation is required that consumers are only accessing licensed Businesses or Individuals and that licenses are only granted and renewed to competent Individuals with high standards of professional and ethical conduct.
2. To ensure and enforce that information is made available to both the consumer and the Licensee that educates them to the standards of practice, their rights and obligations.
3. To actively and impartially investigate and resolve allegations and complaints, and provide enforcement to protect the public from incompetent services, unprofessional, unethical and illegal conduct.

BOARD DESCRIPTION

The State Board of Funeral Directors and Embalmers examines and licenses individuals who provide funeral goods and services. The Board accepts complaints against licensed individuals, establishments, including staff, investigate allegations, and forwards complaints of criminal/civil matters to appropriate authorities. The Board oversees approximately 1600 licensees practicing in the state, and serves all Arizona Citizens who receive funeral goods and services.

BOARD STATUTORY FUNDING FORMULA

A.R.S. 32-1308 requires that all fees and revenues accruing to the Board be paid to the State Treasurer. Ninety percent of the fees are paid to the Board's fund to cover operational fees and one hundred percent of civil penalties are deposited in the State's general fund. For Fiscal Year 2007, ninety percent represents the Board's appropriated budget of \$333,000 however nearly \$367,000 was collected. With ten percent at approximately \$37,000, plus civil penalties estimated at \$2,000, the Board is returning at least \$39,000 to the State's general fund.

BOARDS COMPOSITION

The Board is comprised of four qualified and practicing funeral directors and three consumers, one of which must be the owner or manager of a business. Board Members are appointed by the Governor and serve four-year terms with annual elections for President and Secretary.

STAFFING AND BUDGET

The Board maintains four full time positions. An Executive Director responsible for overall administration, a Deputy Director responsible for investigations and continuity of operations during the Directors absence, a Compliance Administrator responsible for the evaluations of all licensed establishments and a Licensing Coordinator responsible for licensing and continuing education. The Board was fully staffed during this reporting period.

The Board's appropriation for FY 2008 was \$353,900 and \$353,900 for FY 2009.

ENFORCEMENT INFORMATION

This section has been renamed and the scope of information provided will be centered on current procedural or statutory modifications to keep licensees in compliance.

COMPLIANCE CORNER

OSHA inspections and Insurance fraud

Compliance Administrator Alexander Estrada during recent inspections of funeral establishments has observed the following occurring violations: (1) Death Certificates under block number 27a, is provided for the signature of the licensed embalmer. You cannot sign in this block unless you actually performed the embalming. (2) Prep rooms must be functional at all times, if you utilize the facility or not. This includes the proper operation of all required equipment and not to replace other rooms such as a storage bin. (3) The statement of Goods and Services must be signed by a funeral director and his/her license number attached. Many contracts are without proper signatures. (4) Ensure that staff members are not identifying themselves as “funeral directors” unless properly licensed by the Board.

LAWS AND RULES

Senate Bill 1023 relating to burial responsibility became effective on September 19, 2007. The greatest impact upon the industry in terms of funeral directors is A.R.S. § 32-1365.02. Key provisions in Senate bill 1023 have changed burial responsibility from the surviving spouse to adult children if the deceased person is legally separated or divorced from his or her spouse at the time of death. Additional provisions require a majority of siblings to determine final disposition rather than the use of unanimous agreement of all siblings. The utilization of “reasonably available” and the fifteen day (15) time frame facilitates the arrangement process for families and reduce storage of remains. There are other amendments to the bill which assist the funeral director in expediting final disposition. Take time to view our web site and become familiar with the changes implemented in assisting you in your responsibilities. If you have any questions please do not hesitate to contact Board staff with your questions.

With passage of Senate Bill 1023, cremation sections within our rules will be amended to reflect the changes within our statute.

LICENSING ACTIONS

During the reporting period, in addition to over 1600 renewals, the Board also issued:

- 7 Crematory Licenses
- 5 Establishment Permits
- 11 Pre-Need Salespersons Registrations
- 17 Interns
- 33 Embalmers
- 35 Funeral Directors Licenses
- 13 Establishment Licenses (includes new, location changes, ownership)
- 39 Cremationist Licenses

OTHER AGENCY IMPROVEMENTS

The State Board's Office has redesigned its current web site to reflect that of the State of Arizona. Take a little time to browse this informative site. The address is www.funeralbd.state.az.us.

A partnership between the Arizona Department of Health Services Office of Vital Records and Arizona State Board of Funeral Directors has provided a means of recording the actual number of dispositions for the preceding year which determines the renewal fee for establishments. Indicated on the renewal form is a warning for **fraudulently submitting incorrect numbers in the renewal process**. The Office of Vital Records will provide the exact number of dispositions (death certificate filings) to the State Boards office for reconciliation of numbers submitted by each establishment within the state. This satisfies the Auditor General inquiry into the verification of statistics for the renewal process. Please ensure that the total number of death certificates filed by your establishment is submitted accurately.

The Board has purchased laptops for Board members in an effort to reduce the amount of create a paperless environment and utilizes CD's which will be prepared prior to each board meeting and mailed to members. . As a result a reduction in the amount of paper, postage and storage expenses and personnel hours are minimized.

The following statistics were gathered in this time frame.

Conventional Burials	14,246	30%
Cremations	28,968	61%
Ship Outs	4,275	9%
Total	47,489	100%
